Re: House Enrolled Act 1391 public forums

From: Yonda Snyder, Director, Division of Aging.

Date: July 13, 2015

Through House Enrolled Act No. 1391, the Family and Social Services Administration's (FSSA) Division of Aging, the Office of Medicaid Policy & Planning, and the Office of Management and Budget, have been charged with providing a report to the Legislature before October 1, 2015 with reviews and analysis of all current long-term care services available in Indiana.

A series of public forums, listed below, are being held around the state to gather public input for the report on the following topics:

- the cost-effectiveness and efficiency of telemedicine and remote patient monitoring technologies;
- demographic trends;
- program and policy options analysis for Long Term Services and Supports in which demand exceeds current capacity;
- Medicaid reimbursement methodology for skilled nursing facility care; and
- Approaches to managing construction of skilled nursing facilities.

You can read a current draft of this report on the [House Enrolled Act No. 1391 webpage](#). If you are unable to attend one of the public forums please send comments to DAcomments@fssa.in.gov.
